To Whom It May Concern:

Request for Review - CC Docket No. 02-6

Billed Entity Name:	Islamic Elementary School A
Form 471 Application Number:	535827
Billed Entity Number:	200232
FRN:	1482172, 1482215, 1482264, 1482300, 1482381, 1482418, 1482442

As per Funding Commitment Decision Letter (Funding Year 2006: 07/01/2006 – 06/30/2007) dated January 23, 2007, we were informed that Islamic Elementary School A was denied funding for the above FRNs because a technology plan covering the current funding year was not in place at the time of the filing of the forms 470 and 471. An appeal to USAC was denied.

Our technology plan was updated in June 2005. During the time of the review, our contact person, Farzana Abdur-Rasheed, was overwhelmed with so many reviews and made a mistake by stating that the plan was created in 2006.

The plan has since been approved by the regional agency and represents a logical extension of the previous periods plan with adjustments for emergent requirements of our school, consideration for additional resources that have been made available to us and which are being integrated with our environment to leverage existing infrastructure.

Note that since our participation in the SLD program all funded and "self help" technology activities have been devised and executed consistent with the plan, with substantial benefit to our served population.

We respectfully request that to ensure that momentum in our technology implementation is not adversely affected, that you reconsider our application for funding or even partial funding in light of the plan which has since been approved. Enclosed is a copy of our approval letter. Our current technology plan expires in June 2009.

If you have any questions, please do not hesitate to contact me. I do appreciate your utmost consideration in this matter.

Sincerely,

Rafeek Mohamed

Re: Certification of Technology Plan Review/Approval
Al-Ihsan Academy
Plan Approval Expires June 30, 2007
Pursuant to the requirements of the FCC's E-rate program under the Schools and Libraries
Universal Service Support Mechanism

Dear **Mr. Mohamed:**

Thank you for providing a copy of your institution's technology plan for review pursuant to the requirements of the Schools and Libraries Universal Service Support Mechanism (commonly known as "E-rate") program.

The technology plan you provided appears to include all the basic planning components required under the E-rate program as set forth by the Federal Communications Commission (FCC). As such, you may consider receipt of this letter as confirmation that your technology plan has been approved by an "authorized organization" as required. This certification applies only to the approval of this technology planning document for purposes of your E-rate application.

Although the basic structure of your technology plan has been approved, please be reminded that E-rate rules require a level of consistency between technology plans and E-rate funding requests that was not subject to review under our approval process.

Best wishes for successful approval of your application for E-rate discounts.

Sincerely,

Konrad Raup
Team Leader
